For Immediate Release

Applications being accepted for monies from sale of Chesapeake Bay license plates until Oct. 1; \$329,152 available

The Chesapeake Bay Restoration Advisory Committee is accepting grant applications to conduct Chesapeake Bay-related education and restoration activities. The grants are funded with monies from the sale of the special Chesapeake Bay license plate "Friend of the Chesapeake." This year \$329,152 in grant monies will be awarded to eligible applicants. During this past year, 53 grantees received \$392,574 in grant funds. Since 1996, nearly \$5.2 million has been awarded as a result of the sale of the "Bay plate."

The deadline for submitting a proposal for 2010 support grants is October 1, 2009. Grant funds will be awarded in May-June 2010. To be eligible for receiving a grant, applicants should submit proposals emphasizing environmental education or restoration and conservation of the Chesapeake Bay. Projects focusing on environmental education should increase public awareness and knowledge about the Bay, and projects of a restoration and conservation nature should be action oriented. Grants are awarded for one year, except in special circumstances. Grant funds may not be used to supplant existing state or local general fund appropriations.

Applications will be accepted from private not-for-profit conservation organizations, schools and universities, and governmental agencies whose projects will affect water bodies that are located within the Chesapeake Bay watershed. There is no limit on the amount that an applicant may request. More information on the Chesapeake Bay Restoration Fund, including the application, grant guidelines, and a catalogue of past projects can be found at <http://dls.state.va.us/cbrfac.htm>. You can also obtain information, applications, and guidelines by contacting the Division of Legislative Services, General Assembly Building, 910 Capitol Street, Richmond, Virginia 23219, (804) 786-3591.
