The salary and terms of office or employment of such officers, employees and assistants shall be fixed by the town manager, subject to the approval of the town council. His actions in all respects shall be subject to review by the council, and he shall be accountable to the town council only. (1942, c. 480; 1973, c. 48; 1981, c. 69; 2010, c. 806)

§ 9. Taxes.

(1) In addition to all other powers mentioned in this charter and granted by general law, the town council shall have power to raise annually by taxes and assessments in the said town on all subjects or taxation of which by incorporated towns is not forbidden by general law, such sums of money as the council may deem necessary for the purpose of the town, and in such manner as the council shall deem expedient, in accordance with the constitution and laws of this State and of the United States.

(2) The town council may levy a tax or license on any person, firm or corporation pursuing or conducting any trade, business, profession, occupation, employment or calling whatsoever, within the boundaries of the town, whether a license may be required therefor by the State or not, and may exceed the State license, if any be required, except when prohibited by general law.

(3) Any payment of delinquent taxes made by the tenant, unless under express contract contained in his lease, shall be a credit against the person to whom he owes the rent.

(4) The council may require owners of motor vehicles, trailers, semi-trailers, and other vehicles of any kind, residing in the town, licenses for the privilege of operating such vehicle in the town, such license to be issued and the fee therefor fixed by the town council.

(5) All goods and chattels found, may be distrained and sold for taxes assessed and due thereon, and no deed of trust nor mortgage upon goods and chattels shall prevent the same from being distrained and sold for taxes.

(6) The council may add penalties for failure of any person or firm or corporation to pay taxes or licenses at the time provided for by ordinance of the council, and there

shall be alien for all taxes assessed which may be enforced as provided by general law of the State.

(7) The council may, by a two-thirds vote of the body, exempt real and personal property used for manufacturing purposes or other enterprises from all taxes for municipal purposes for a period not exceeding five years, if it deem it expedient to do so in order to encourage the establishment of such enterprise therein.

(8) The assessment of real and personal property in the town, for the purpose of municipal taxation, shall be the same as the assessment of such property for the purpose of county or State taxation, where there is a county or State assessment of such property.

(9) The council, in the name of and for the use of the town, may contract loans, incur indebtedness and cause certificates of debt or bonds to be issued, whenever two-thirds of its members by a recorded vote decide that is to the interest of the town so to do, but such council may only borrow money to the extent prescribed by the Constitution and laws of this State. But the council shall issue no bonds or certificates of debt, except in anticipation of current revenue, until it shall have first submitted to the qualified voters of said town the question of whether or not such bonds shall be issued and a majority of the qualified voters voting at any election held for such purpose shall have voted for such issue. Such election shall be held under the provisions of the general laws of this State, except the council shall have power to call such election and fix the date thereof by ordinance, copy of which shall be published at least five days beforehand in some newspaper published in said town. The publisher of the newspaper shall certify to the publication thereof, which certification shall be recorded in the minute book of the town. The judges conducting any such election shall certify the returns to the clerk of the circuit court of Pittsylvania County and to the said council, not to the judge of the circuit court of said county.

(10) Any bonds which may be issued under this charter may be either registered or coupon bonds; they shall be issued in such denominations and bear such rate of interest, not exceeding six percent, as may be determined by the council; they shall be made payable at such time or times as the council may prescribe, not exceeding thirty years from their date, and may, at the option of the council, be made redeemable after such times as the council may prescribe; and the interest thereon may be made payable at such place as the council may designate, either annually or semi-annually. Any issue of bonds under this act shall be signed by the mayor and countersigned by the clerk of the council, with the town seal attached; they shall be sold in the manner as the council may prescribe, and the proceeds from such sale shall be used and expended under the order of the council. In case of an issue of bonds to refund any outstanding bonded indebtedness heretofore made by the said town under any act or charter, may be done by ordinance of the council, but no vote by the people shall be necessary at an election for said purpose. Such bonds shall be known as refunding bonds.

(11) A lien shall exist on all real estate within the corporate limits for taxes, levies and assessments in favor of the town, assessed thereon from the commencement of the year for which the same were assessed and the procedure for collecting the said taxes, for selling of real estate for town taxes, and for the redemption of real estate sold for town taxes, shall be the same as provided in the general laws of the State to the same extent as if herein fully set out. The said town and its treasurer shall have the benefit of all other

additional remedies for the collection of town taxes which are now or hereafter may be granted or permitted by and under the general law. (1942, c. 480)

§ 10. Sinking Fund.

(1) The council may provide for a sinking fund for the purpose of paying off any outstanding indebtedness of the town, if it matures, or to provide for any additional indebtedness hereafter made, and may make an additional levy therefor, said sinking fund to be set aside and invested as hereinafter provided for, but this section does not authorize any additional levy to pay the interest or create a sinking fund for any bonded indebtedness of the town now outstanding.

(2) When taxes on real and personal property are collected for the year, the town treasurer shall take therefrom the necessary amount of any additional sum, if any, so set apart, and deposit the same in a separate account to the credit of the sinking fund in such bank or banks as the council may designate; and the council may if it so elect, cause its sinking fund to be loaned on improved real estate, situated in the Town of Chatham, not to be loaned to a greater amount than fifty percent of the fair market value of the property, and fire insurance shall be carried on the property during the loan in an amount at least equal to the face value of the amount of the loan, which money shall be loaned at not exceeding six percent per annum, payable semi-annually, and for no longer than for two years at any one time.

(3) All sinking funds shall be used exclusively in the payment or purchase and redemption of the outstanding bonds of the town, and when such sinking funds are not required or may not within a reasonable time be required for payment of any bond of the town, or cannot be used to advantage in purchase and redemption of any bond of the town, which may be outstanding, the same shall be securely invested in interest bearing municipal State or government bonds or loaned upon otherwise unencumbered real estate within the Town of Chatham, upon the basis hereinbefore provided, or invested in any security approved by the general laws of the State of Virginia for investment of such funds, or deposited in bank on a reasonable rate of interest. Such sinking funds may be used in the payment or purchase and redemption of all bonds of the town at the discretion of the council.

(4) The town council shall act as the sinking fund commission or committee and shall provide for the investment, deposit and application of the funds in conformity to the provisions of this charter; and may require any bank or banks receiving on deposit its revenues or any of its sinking fund a fidelity bond or other security. (1942, c. 480)

§ 11. Actions Against Town for Damages, Etc.

(1) No action shall be maintained against the town for damages for any injury to any person or property alleged to have been sustained by reason of the negligence of the town, or any officer, agent or employee thereof, unless a written statement, verified by oath of the claimant, his agent or attorney, or the personal representative of any decedent whose death is a result of the alleged negligence of the town, its officers, agents, or employees, of the nature of the claim and the time and place at which the injury is alleged to have occurred, or to have been received, shall have been filed with the mayor or an attorney appointed by the council for this purpose, and the town is hereby authorized to appoint such an attorney, within sixty days after such cause of action shall have accrued, except where the claimant is an infant or non compos mentis, or the injured party dies within such sixty days, such statement may be filed within one hundred and twenty days.

No officers, agents, or employees of the town shall have authority to waive such conditions precedent or any of them.

(2) In any action against the town to recover damages against it for any negligence in the construction or maintenance of its streets, alleys, lanes, parks, public places, sewers, reservoirs, or water mains, where any person or corporation is liable with the town for such negligence, every such person or corporation shall be joined as defendant with the town in such action brought to recover damages for such negligence, and where there is a judgment or verdict against the town, as well as the other defendant, it shall be ascertained by the court or jury which of the defendants is primarily liable for the damages assessed.

(3) If it be ascertained by the judgment of the court that some person or corporation other than the town is primarily liable, there shall be a stay of execution against the town until execution against such person or persons or corporation or corporations shall have been returned without realizing the full amount of such judgment.

(4) If the town, when not primarily liable, shall pay the said judgment in whole or in part, the plaintiff shall, to the extent that the said judgment is paid by the town, assign the judgment to the town, without recourse on the plaintiff, and the town shall be entitled to have execution issued for its benefit against the other defendant or defendants who have been ascertained to be primarily liable, or may institute any suit to enforce the said judgment, or an action at law, or scire facias to revive the said judgment.

(5) No order shall be entered or made, and no injunction shall be awarded by any court or judge, to stay proceedings of the town in the prosecution of their works, unless it be manifest that they, their officers, agents, or servants are transcending the authority given them in this charter, and that the interposition of the court is necessary to prevent injury that cannot be adequately compensated in damages.

(6) The council of said town is authorized and empowered to compromise any claim for damages or any suit or action brought against said town. (1942, c. 480)

#### § 12. Dedication of Streets and Plats Thereof.

(1) No plat showing a new street or highway within the town shall be filed or recorded in the office of the clerk or of any county until such plat shall have been approved by the council. The council shall not approve any such plat unless the streets and highways provided for therein are of sufficient width, or proper grades and suitably located to meet the probable traffic needs, to afford adequate light, air, and access of the fire apparatus to such buildings as may be erected along the proposed streets and highways; and to insure healthful conditions on the land adjacent to such streets or highways. The council may, in appropriate cases, require that a plat before being approved shall provide adequate open space for parks, playgrounds, or other recreational uses; but the inclusion of such open spaces upon a plat does not require their dedication to public use.

(2) Before approving any plat, and thereby accepting the dedication of the streets, alleys and highways thereon, the council shall require the owner thereof to execute and deliver to the Town of Chatham a release and waiver of any claim or claims for damages which such owner, his heirs, successors or assigns may have or acquire against the said town by reason of establishing proper grades and grade lines along such streets, alleys, or highways, and by reason of doing necessary grading and filling for the purpose of placing such streets and alleys and highways upon the proper grade, and releasing the said town

from building any retaining walls along the streets, alleys, or highways, and property lines or for any damage to property abutting by reason of the construction of any drain or pipe line for removal of surface water, whereby water is emptied on or drained from such adjacent or abutting property. Such release or waiver may be required to be in writing and executed on the plat or on a written instrument accompanying the same, and all of which shall be filed of record in the clerk's office of the County of Pittsylvania.

(3) Before approving any such plot the town council may, at its discretion, require the owner of such land to grade the streets and alleys thereon, according to grade or grade lines approved by the council. By the acceptance of any such plat, street, alley or highway as above set out, there shall be no liability upon the town to surface such street, or to install any sewage, water, gas, lights or other improvements, until in the judgment of the council the same is required. (1942, c. 480)

§ 13. Validation of Contracts.

All contracts and obligations heretofore or hereafter made by council of the Town of Chatham, while in office, not inconsistent with this charter, or the Constitution, or the general laws of this State shall be, and hereby are declared to be valid and legal. (1942, c. 480)

§ 14. Ordinances to Continue in Force.

All ordinances now in force in the Town of Chatham, not inconsistent with this charter, shall be and remain in full force until altered, amended or repealed by the council of the said town. (1942, c. 480)

§ 15. Partial Invalidity.

If any clause, sentence, paragraph or part of this act, shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of the said act, but shall be confined in its operations to the clause, sentence, paragraph or part thereof directly involved in the controversy in which said judgment shall be rendered. (1942, c. 480)

§ 16. Repealing Clause.

All acts or parts of acts in conflict with this charter, insofar as they affect the provisions of this charter, and all former charters and amendments thereto for the Town of Chatham, are hereby repealed. (1942, c. 480)

§ 17. Citing Clause.

This act may for all purposes be cited or referred to as the Town of Chatham Charter of 1942. (1942, c. 480)
