

Joint Commission on Technology and Science
April 22, 2008 1:30 p.m.
House Room C, General Assembly Building

- **Call to order, roll call.**
 - **Website Update:** Staff will review some minor updates to the JCOTS website.
 - **Introduction of JCOTS Policy Briefs:** JCOTS policy briefs will be concise and easy to read documents highlighting both minor and major science and technology related policies, laws, programs, and regulations. Staff will produce several JCOTS Policy Briefs during the interim and welcome any suggestions for topics of focus.
 - **Legislative Update:** Staff will provide an update on bills recommended by JCOTS to the 2009 Session of the General Assembly, as well as on other technology related legislation from the 2009 Session.
 - **Formation of 2009 Work Plan:** Staff will provide an overview of the work plan proposed by Delegate May for the Interim. The proposed work plan is intended to act as a starting point for Interim work, and can be amended or augmented throughout the year. Members are encouraged to use this time on the agenda to comment on the proposed work plan, and to make additional work plan recommendations.
 - **Other Business.**
 - **Public comment:** Members of the public are invited to express their views about the Commission and its work.
 - **Adjournment.**
-
