

**UCITA Advisory Committee**  
**Wednesday, September 21, 2011 1:00 p.m.**  
**General Assembly Building, 4W Conference Room**

- **Call to Order & Introductions**

The advisory committee was called to order and members of the committee and the audience identified themselves.

- **Overview of the Federated Identity Management**

Jeff Nigriny, CEO & President, CertiPath LLC, presented to the advisory panel an overview of federated identity management. The presentation is available on the JCOTS website.

- **Discussion of Draft**

- **Discussion: Liability issues in the Code of Virginia**

The advisory panel discussed the issues of liability entailed with the issuance of identity management cards, and whether a law in Virginia would be an appropriate method to address those issues.

The chairman suggested that the entities and interested parties located in Virginia who would be impacted by this bill should be present at a future meeting to discuss the possible impact of the bill and to address the need for such liability protections. Staff will send invitations to those specified interested parties.

The meeting adjourned with a date to be determined for the next meeting.
