

## Possible Legislative Proposals from Meetings Past

From the 2nd Meeting:

Delegate Orrock Suggested Rent/or Utility vouchers for the disabled and preferential treatment for those vendors who honored them.

From Meeting 3:

The JLARC study on traumatic brain injury suggested that the requirement that hospitals report TBI to the Brain Injury Registry be eliminated and that the hospitals be required to report that information to the Virginia Statewide Trauma Registry and that the Virginia Department of Health share that information with The Department of Rehabilitative Services.

It was also suggested that the perhaps a budget amendment could be requested to fund a TBI Medicaid waiver.
