# Upcoming Regulatory Actions

- In the coming months, the Board will be developing regulations to address the following:
  - Process for associations to resolve written complaints from the members of the association and other citizens (§ 55-530.E)
  - Property owners' associations registration procedures, registration maintenance (including annual report filings), and provisions related to disclosure packets

# Application Statistics

(as of 9/30/08)

- Time-Share registration filings have increased this year over the last three years, with 10 received to date.
  - Condominium project registrations have decreased by 17% since this time last year, for a total of 82 received to date. This continues a downward trend since 2005.
  - Staff has processed 92 new common interest community association applications and 515 annual report filings. For each, the incomplete application rate is approximately 40%.
  - Application forms were carried over from REB and adopted by CICB. Forms will be reviewed and revised in the coming months as needed to address statutory and regulatory requirements.
- 

# Annual Assessments

- § 55-516.1.C of the POAA, § 55-79.93:1.C of the Condominium Act, and § 55-504.1.C of the Cooperative Act require submittal of an annual assessment equal to the lesser of \$1,000 or 0.02% of the association's gross assessment income.
- Since July 1, 2008, the Board has collected 469 assessments for a total of \$31,252.00. Due to the number of questions received, financial information is reviewed by staff to ensure payment of the appropriate amount; however, confusion still exists.
- From September 16 to October 16, \$13,878.00 in assessments have been received. After reviewing the financial information, only \$3,621.37 was due with \$10,256.63 being processed for refund. 74% of the assessments collected during this time period were refunded.
