Daniel Herr
Deputy Commissioner for Behavioral Health Services
Virginia Department of Behavioral Health and Developmental Services
1. DBHDS Behavioral Health System Components
2. Types of Community Services Boards (CSBs)
3. Relationships between CSBs, private providers, and DBHDS
4. Financing
5. Current Behavioral Health Priorities
6. System Challenges
DBHDS operates 3 training centers for individuals with intellectual disability, 8 adult mental health hospitals, 1 mental health hospital for children and adolescents, 1 medical center and 1 center for behavioral rehabilitation.

40 community services boards (CSBs): § 37.2-500 establishes the CSBs as the single point of entry into the publicly funded behavioral health and developmental disability system.

947 private providers: Provide DBHDS licensed BH and DD services at 5,744 locations throughout Virginia.
The State Board of Behavioral Health and Developmental Services

- Established in Chapter 2 of §37.2 of the Code of Virginia.
- Established as a Policy Board as defined in §2.2-2100 to promulgate public policies or regulations.
- State Board consists of 9 members appointed by the Governor for 4 years terms which can be renewed once.

The Code of Virginia requires members to be:
- 1 individual who is receiving or who has received services,
- 1 family member of an individual who is receiving or who has received services,
- 1 individual who is receiving or who has received services or family member of such individual,
- 1 elected local government official,
- 1 psychiatrist licensed to practice in Virginia, and
- 4 four citizens of the Commonwealth at large.
• DBHDS employs 5,916 full time, classified employees across the Commonwealth.
• DBHDS Central Office consists of 435 full time employees within 20 offices.
• Pursuant to Chapter 3 of §37.2 the Commissioner manages and supervises the agency.
• Both the Commissioner and Chief Deputy Commissioner are appointed by Governor.
• The Senior Leadership Team brings together the leadership of the various offices in the agency.
The DBHDS Office of Licensing licenses:

- Over 45 service types
- Approximately 1,400 provider organizations (public and private)
- Over 3,300 services
- Over 9,000 locations

In FY 2017 there were:

- 705 newly licensed providers and/or services
- 1,441 investigations
- 3,375 unannounced inspections
- 428 scheduled visits

CSB Oversight and Accountability

- Finance and program audits
- Services licensed by DBHDS
- Human Rights protection
- Certification by federal CMS for Medicaid
- Accreditation by national agencies
- Virginia Office of Inspector General
- DBHDS Central Office technical assistance and clinical review
- CSB-DBHDS Performance Contract
CSB-DBHDS Performance Contract

• The performance contract:
  o defines relationships between and responsibilities of DBHDS and CSBs,
  o is the mechanism through which DBHDS funds community services
  o communicates state and federal accountability requirements to CSBs.

• 68 pages long and consists of:
  o the contract body (29 pages) signed by the CSB chairperson and executive director and the DBHDS commissioner
  o 9 exhibits - (39 pages)

• Scope of services contains accountability requirements and outcome measures
• CSB responsibilities contains reporting requirements
• DBHDS responsibilities include state facility, quality of care, reporting, compliance, and other requirements
• 9 Exhibits contain specific requirements on funding and performance measures. Some exhibits vary from CSB to CSB
Examples of Performance Contract Outcome Measures

- Maintain a two-month operating reserve of funds.
- Include DBHDS staff membership on the search committee for new CSB executive directors.
- Discharge practice requirements for CSBs that use more than 8 state hospital beds per 100,000 adults.
- Continuity and timeliness of care requirements for individuals being discharged from state and local hospitals.
- Monitor receipt of complete physical exams in the last 12 months.
- Ensure adults and children with major depressive disorders receive suicide risk.

Quality Monitoring by DBHDS

- DBHDS established five regional program consultants to work with CSBs to improve mental health and substance use disorder services. Consultants review consumer and service data and outcome measures to monitor performance and improve outcomes and quality.
- DBHDS senior leadership conducts monthly reviews of key performance and outcome measures.
Flow of Funds From DBHDS to CSBs

- **DBHDS** Receives funding from the General Assembly
- **DBHDS Program** Staff develop plan for the funding and send CSBs Request for Proposal
- CSBs interested in providing the services put together a proposal package and submit to DBHDS
- **DBHDS Management** reviews the CSBs proposal
  - Not Approved
  - Approved

  **CSB does not receive funding for the program**
  - Unsatisfactory
  - **DBHDS continues to provide ongoing funding**

  **CSB is notified that their proposal has not been approved**
  - **CSB is notified that proposal has been approved. Fiscal office is copied on notification.**

  **Funding is added to CSBs Performance Contract with DBHDS**
  - Satisfactory
  - **CSB receives funding and begins providing services**

  **CSB provides reports to program and fiscal staff**

  **Fiscal office adds funding to bi-monthly payments to the CSB**

Service Process Quality Management (SPQM)

- Successful implementation of Same Day Access includes an analytical tool for services in each CSB.
- SPQM is off-the-shelf technology that provides essential information to decision-makers manage operations, develop improvements, and demonstrate outcomes.
- It provides a standardized comparison of data elements.
- There is a nominal $33,000 one-time cost for set up and licensure and the total ongoing cost for the state to set up SPQM in all 40 CSBs $1.5M.
Behavioral Health Crisis Response Services

Every 24-hours across the Commonwealth there are:

- **256 EMERGENCY EVALUATIONS CONDUCTED**
- **71 TEMPORARY DETENTION ORDERS ISSUED**

* Census on the first day of the month

A census of **85%** or lower is considered safest for both patients and staff. Virginia is using 28.4 more beds each year.
Behavioral Health System Challenges and Opportunities

- Continue the funding and implementation of the remaining STEP-VA services required by legislation passed in 2017.
- Address increased hospital bed census by increasing availability of community services and discharging individuals ready to go back into community and strengthening partnership with private hospitals.
- Address state facility capital needs beginning with the much needed replacement of Central State Hospital.
- Continue to address workforce challenges and meet appropriate direct staffing needs at hospitals and in the community statewide.
