September 25, 2019

I am writing this letter in support of keeping some type of hybrid CIT/RASC center open in Kilmarnock. Lancaster Sheriff's Office will make available trained CIT deputies to man this center when the need arises. If this center is allowed to open it will help alleviate our agency having to drive to Gloucester when we are dealing with a mental subject. This will save many hours and not have to tie a deputy down for a majority of their shift. Please consider this center and feel free to contact me anytime. Thank you very much.

Respectfully, Sheriff Patrick McCranie
