Medicaid & Commercial Plans
- Telemedicine: Retail: Requires coverage for Medicaid,
  the State Employees Health Plan and private insurers
- Behavioral Health:
  - Counseling/Psychiatric Care
  - Online Prescribing (controlled substances B-VI)
* The SAP program also offers telehealth for mental health/psychiatric services

Physician Licensure and Practice Standards
- Requirements for telemedicine are no different
  requirements for in-person services, not including
  prescriptive
- Requires 28 hours and allows provider to provider
  supervision.
- Extends licensure reciprocally to bordering states.
- Allows physical examination/relationship to be
  established via telemedicine.
- Establishes an ad hoc committee to study the current
  telemedicine landscape and develop a guidance
  document reflective of current law and regulation.
- Board case decisions, and best practices in the industry.
- No unique laws regulating practice of telemedicine.
  Standards are the same as in-person care

How does Virginia measure up?

*Not all states and EHRs
* High Impact
* Low Impact
* No data
• "Place of Service" requirements
• Uninsured population
• Psychotropic medical management
