

Virginia Boys and Men Advisory Commission

Policy on Electronic Meetings Participation and All-Virtual Meetings

Adopted at the Advisory Commission meeting on July 20, 2026

The Code of Virginia § 2.2-3708.3 requires public bodies to adopt a policy regarding remote participation by Members and all-virtual meetings. Under these provisions, the Virginia Boys and Men Advisory Commission (Advisory Commission) adopts the following policy:

I. Remote Participation by Individual Members during In-Person Meetings

It is the policy of the Advisory Commission that individual Advisory Commission Members may participate in meetings electronically, as permitted by § 2.2-3708.3 of the Code of Virginia. This policy shall apply to the entire Membership and without regard to the identity of the Member requesting remote participation or the matters that will be considered at the meeting. Members are permitted to participate in meetings electronically under the following four circumstances:

1. The Member has a temporary or permanent disability or other medical condition that prevents the Member's physical attendance;
2. A medical condition of a member of the Member's family requires the Member to provide care that prevents the Member's physical attendance;
3. The Member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or
4. The Member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the Member may not use remote participation due to a personal matter for more than two meetings per calendar year (or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater).

For any in-person meeting, whenever an individual Advisory Commission Member wishes to participate from a remote location, the law requires a quorum of the Advisory Commission Members to be physically assembled at the primary or central meeting location.

Furthermore, in order for an Advisory Commission Member to participate remotely during an in-person meeting, the Member must notify staff to make the request and staff will then notify the chair. The approval is automatic unless a Member's participation would violate FOIA, and, if such participation is challenged, then the matter would be put to a vote of the Advisory Commission Members at such meeting. The request and reason for remote participation shall be recorded in the minutes of the meeting. If a Member is participating remotely due to a personal matter, the Member must provide the nature of the personal matter as required by law, but the level of specificity need not include personal details or information the Member does not wish to share.

So long as all of the appropriate procedural requirements are met, including having a quorum of the Advisory Commission Members physically present in one location, a Member participating remotely may participate in discussions, join in closed meetings, and otherwise participate in all business of the Advisory Commission; however such Advisory Commission Member (i) shall not have the ability to vote on any matters when participating remotely and (ii) will not be counted for purposes of the quorum requirement.

If all procedural requirements are not met, a Member may monitor the meeting remotely, but will not be counted as attending the meeting and may not otherwise participate in the meeting.

II. All-Virtual Meetings

It is the policy of the Advisory Commission that it may hold all-virtual public meetings pursuant to subsection C of § 2.2-3708.3 of the Code of Virginia. Such all virtual public meetings are also limited by law to two meetings per calendar year (50 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater). Additionally, the Advisory Commission may not hold consecutive, all-virtual public meetings.

Whenever the Advisory Commission holds an all-virtual public meeting, Members and staff must comply with the following statutory requirements:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting must be included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;
2. Public access to the all-virtual public meeting is provided via electronic communication means;
3. The electronic communication means used allows the public to hear all Members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the Members of the public body as well;
4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;
5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to Members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to Members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;
7. No more than two Members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;
8. If a closed session is held during an all-virtual public meeting; transmission of the meeting to the public resumes before the public body votes to certify the close meeting as required by subsection D of § 2.2-3712;
9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 50 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and
10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a Member's participation from a remote location pursuant to these requirements is disapproved because such participation would violate the policy adopted pursuant to subsection D of § 2.2-3708.3, such disapproval shall be recorded in the minutes with specificity.

So long as all appropriate procedural requirements are met, Members may conduct business of the Advisory Commission in an all-virtual meeting but solely for purposes of receiving presentations, updates, public comment, or to conduct other forms of information gathering. No voting or formal recommendations may be made or take place during an all-virtual meeting.
