§ 50.4. Terms of Charlottesville Redevelopment and Housing Authority Commissioners; authority of Council.

Notwithstanding any provision of law to the contrary, the terms of all the commissioners of the Charlottesville Redevelopment and Housing Authority shall terminate on June 30, 1978; and thereafter there shall be not less than five nor more than seven members of the Board of Commissioners.

Commissioners shall hold their offices at the pleasure of council for terms not to exceed four years; provided, that the city council may at any time, and from time to time, adopt an ordinance terminating the terms of all the commissioners and designating one or more council members as commissioners of the Charlottesville Redevelopment and Housing Authority. The remaining members of the Board, if any, shall be appointed by council from the public at large. The Board shall possess all powers and duties granted to or imposed upon redevelopment and housing authorities by general law; provided that notwithstanding any other provision of law to the contrary, a city council member shall receive no compensation for serving as a commissioner of such Authority, nor shall he continue to serve as a commissioner after he ceases to be a member of city council. (1978, c. 709; 1990, c. 28)

§ 50.5. Authority of city council to adopt and enforce a noise ordinance.

A. The city council by ordinance may prohibit or regulate loud, disturbing or excessive noises originating within its jurisdiction. Such ordinance may prescribe the

decibel levels, degrees or types of sound which are unacceptable within the city limits, but the ordinance must exempt from its prohibitions during the daytime (6:00 a.m. to 10:00 p.m.) the following:

1. Band performances or practices, athletic contests or practices and other school-sponsored activities on the grounds of public or private schools or the University of Virginia.
2. Athletic contests and other officially sanctioned activities in city parks.
3. Activities related to the construction, repair, maintenance, remodeling or demolition, grading or other improvement of real property.
4. Gardening, lawn care, tree maintenance or removal and other landscaping activities.
5. Church bells or carillons.
6. Religious or political gatherings and other activities protected by the First Amendment of the United States Constitution.
7. Activities for which the regulation of noise has been preempted by federal law.
8. Public and private transportation, refuse collection and sanitation services.

B. The decibel level of any such noise may be measured by the use of a sound level meter which measures sound pressure levels. Such measurements shall be accepted as prima facie evidence of the level of noise at issue in any court or legal proceeding. The accuracy of the sound level meter may be tested by a calibrator. In any court or legal proceedings in which the accuracy of the calibrator is in issue, the court shall receive as evidence a sworn report of the results of any test of the calibrator for accuracy. Such report shall be considered by the court or jury in determining guilt or innocence.

C. Any individual operating a sound level meter pursuant to the provisions of this section and the local noise ordinance shall issue a certificate which will indicate:

1. that the sound level meter used to take the decibel level reading was operated in accordance with the manufacturer's specifications;
2. that the city has on file a sworn report which states that the sound level meter has been tested within the past twelve months and has been found to be accurate;
3. the name of the accused;
4. the location of the noise;
5. the date and the time the reading was made; and
6. the decibel level reading.

The certificate, as provided for in this section, when duly attested by the operator taking the decibel level reading, shall be admissible in any court in any criminal or civil proceeding as evidence of the facts therein stated and of the decibel level reading. A copy of such certificate shall be delivered to the accused upon his or his attorney's request. (1989, c. 122)

§ 50.6. Authority of city council to impose civil penalties for wrongful demolition of historic buildings.

A. Notwithstanding the provisions of any state law which authorize civil penalties for the violation of a local zoning ordinance, city council may adopt an ordinance which establishes a civil penalty for the demolition, razing or moving of a building or structure without approval by the board of architectural review or city council, when such building or structure is subject to the city's historic preservation zoning ordinance. The penalty established by the ordinance shall be imposed on the

party deemed by the court to be responsible for the violation and shall not exceed twice the fair market value of the building or structure, as determined by the city real estate tax assessment at the time of the demolition.

B. An action seeking the imposition of such a penalty shall be instituted by petition filed by the city in circuit court, which shall be tried in the same manner as any action at law. It shall be the burden of the city to show the liability of the violator by a preponderance of the evidence. An admission of liability or finding of liability shall not be a criminal conviction for any purpose. The filing of any action pursuant to this section shall preclude a criminal prosecution for the same offense, except where the demolition, razing or moving has resulted in personal injury.

C. The defendant may, within twenty-one days after the filing of the petition, file an answer and without admitting liability, agree to restore the building or structure as it existed prior to demolition. If the restoration is completed within the time agreed upon by the parties, or as established by the court, the petition shall be dismissed from the court's docket.

D. Nothing in this section shall preclude action by the zoning administrator under Virginia Code § 15.1-491 (d) or by the governing body under Virginia Code § 15.1-499, either by separate action or as a part of the petition seeking a civil penalty. (1990, c. 302) § 50.7. Powers relating to housing and community development.

In addition to the powers granted by other sections of this charter and any other provision of law, the city shall have the power:

(a) To make grants and loans of funds to low- or moderate-income persons to aid in the purchase of any land, building, dwelling, or dwelling unit in the city; and to offer real estate tax deferral to low- or moderate-income persons who own any land, building, dwelling, or dwelling unit within the city. The city shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this subsection; and

(b) To make grants of funds to owners of dwellings or dwelling units in the city for the purpose of subsidizing, in part, the rental payments due and owing to any such owner by a low- or moderate-income person.

For purposes of this section, the phrase "low- or moderate-income persons" shall have the same meaning as the phrase "persons and families of low and moderate income" as that phrase is used in the Virginia Housing Development Authority Act, and shall be applied using the income guidelines issued by the Virginia Housing Development Authority for use in its single family mortgage loan program.

In addition to being able to exercise the above-mentioned powers with city funds, the city is authorized to participate in any state or federal program related thereto and to use state, federal, or private funds in the exercise of such powers.

The expenditure of any public funds as authorized in this section is hereby declared to be in furtherance of a public purpose. (2006, c. 268, 311)

§ 51. If any clause, sentence, paragraph, section or part of this act be held invalid by a court of last resort of this State in proper case such invalidity shall not affect or invalidate any other clause, sentence, paragraph or part of this act but shall be confined exclusively to the portion so held invalid.
